Notes	
<i>A panoramic x-ray provides a full view of the upper and lower jaws, teeth, temporomandibular joints, and sinuses. It clearly shows impacted teeth or other intrabony abnormalities, and surrounding anatomy. Required once every THREE years</i>	
<i>Cleaning broken up into 3 levels: Prophylaxis (regular cleaning; if regularly get cleaning), Full Mouth Debridement (uses an ultrasonic scaler), and Scaling and Root Planning (goes BELOW the gum line to remove bacteria)</i>	
<i>Visit packages are based on REGULAR visits. Some patients might need more extensive cleaning (i.e. full mouth debridement or SRP). Dentist will assess the necessary cleaning level</i>	
<i>Resin costs depend on the type of tooth and the number of surfaces worked on</i>	
<i>Root canal costs depend on the type of tooth</i>	
<i>Crown costs depend on whether the crown is all porcelain (more expensive) or porcelain with metal (more economical)</i>	
<i>Extraction costs depend on whether the type of tooth being extracted - from anterior (more economical) to wisdom (more expensive)</i>	
<i>Any cosmetic service would be at a 20% discount from the regular cash price - i.e. full constructive on front teeth, gap correction, etc.</i>	
<i>There will be an infection control fee of \$13.00 for any procedure - This is for the sterilization of the room, masks, etc.</i>
